

Privacy Notice for Parents/Carers

General Data Protection Regulation (GDPR) 2018

Under data protection law, individuals have a right to be informed about how the college uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about **students**.

We, Minsthorpe Academy Trust are the 'data controller' for the purposes of data protection law.

Our Data Protection Officer is Peter Atherton (see contact us below)

The personal data we hold:

Personal data that we may collect, use, store and share (when appropriate) about students includes, but is not restricted to:

- Results of internal assessments and externally set tests
- Student and curricular records
- Characteristics, such as ethnic background, eligibility for free school meals, or special educational needs
- Exclusion information
- Details of any medical conditions, including physical and mental health
- Attendance information
- Safeguarding information
- Details of any support received, including care packages, plans and support providers
- Photographs
- CCTV images captured in college

We may also hold data about pupils that we have received from other organisations, including other schools, local authorities and the Department for Education.

Why we use this data

We use this data to:

- Support learning
- Monitor and report on student progress
- Provide appropriate pastoral care
- Protect pupil welfare
- Assess the quality of our services
- Administer admissions waiting lists
- Carry out research
- Comply with the law regarding data sharing

The lawful basis on which we use this information

We only collect and use students' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation
- We need it to perform an official task in the public interest (i.e. to provide education)

Less commonly, we may also process students' personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use students' personal data, this consent can be withdrawn at any time.

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds which justify our use of this data.

Collecting student information

The majority of information provided to us is necessary and we must collect it but some of it is provided to us on a voluntary basis. Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional.

Storing student data

We will keep personal information about your child whilst they are at our college and after they have reached the leaving age for education up to a period of 6 years, or longer where we are required to by law.

Parents and pupils' rights regarding personal data

Individuals have a right to make a '**subject access request**' to gain access to their or their children's personal information that the college holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

Parents also have the right to make a subject access request with respect to any personal data the college holds about them.

If you make a subject access request, and if we do hold information about you or your child, we will:

- Give you a description of it
- Tell you why we are holding and processing it, and how long we will keep it for
- Explain where we got it from, if not from you or your child
- Tell you who it has been, or will be, shared with
- Give you a copy of the information in an intelligible form

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

Parents/carers also have a legal right to access to their child's **educational record**. To request access, please contact us as detailed below.

Sharing student information

We do not share information about our students with anyone without consent unless the law and our policies allow us to do so.

We share students' data with the Department for Education (DfE) on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

We are required to share information about our students with the (DfE) under regulation 5 of The Education (Information About Individual Pupils) (England) Regulations 2013.

Data collection requirements:

To find out more about the data collection requirements placed on us by the Department for Education (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

The law requires us to provide information about our students to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-school-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data

- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

For more information about the department's data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>
