What is NCOP?

NCOP (National Collaborative Outreach Programme) aims to support young people like you, in England, to progress into Higher Education (HE). HE refers to HNCs, HNDs, Degrees and Level 4 Apprenticeships.

Go Higher West Yorkshire wants to support you to reach your full potential. Ultimately, this will help you make a better and informed choice about your future.

NCOP is run by an organisation called Go Higher West Yorkshire (GHWY) which is funded by the Office for Students. Go Higher West Yorkshire is a partnership of 12 universities and colleges in West Yorkshire. This means the activities we run for you could be at any of these partner institutions or delivered in Minsthorpe Community College itself.
What opportunities are available for you?

GHWY will be offering you a varied and exciting calendar of activities to attend. These will be bespoke but can include:

- Personal statement talks
- Student finance talks
- UCAS Fairs
- Progression Module (once completed you will have 12 UCAS points recognised and accepted by 11 of the 12 partner organisations as below.
- Industry professional talks
- Subject specific taster sessions
- Open days at universities
- Funding specialist trips
- Summer Schools
- One to one online tutoring
- Enterprise days
- Apprenticeship events

When is this available?

These opportunities will be made available to you currently, up to December 2018.
What will we be expecting from you?

All activities and opportunities are **subsidised by NCOP and are free** to you. We will expect you to attend and engage fully in the activity and to complete relevant evaluation forms to qualify for funding.

We will also be asking you and your parents/guardians to sign a Learner Agreement which will ask for permission for us to track your destination into H.E. This is to see if the project has been successful. Please note this is not compulsory, but we would hope you would be willing to participate in the evaluation of the project.

**For further information contact:**

**Mrs Jubb who is based in the MAP Office.**
