

## **MCC 16 to 19 Tuition Fund Statement of Intent**

We have received some additional funding from the Government to support students who have been impacted by the National lockdown. The 16-19 Tuition Fund, for the academic year 2021-2022, has helped us to increase support for students impacted by the Covid-19 pandemic and school closures. Students selected for this support were those who had not gained a Grade 4 in Maths and/or English GCSE. The funding will be used for targeted support classes and tuition.

The fund primarily will support GCSE and Functional Skills Level 1&2 English and Maths. If appropriate it may also be used to support any aim within the learner's programme of study.

### **Examples of the support offered will include:**

- Small group tuition (less than 5 students)
- Specific topic support through designated teachers and teaching assistants.
- Appropriate resources purchased for students to aid their teaching, learning and progress.
- Academic skills support and development through mentoring.
- Additional support in Vocational Subjects.

The impact of this additional tuition will be reviewed and adapted as the year progresses.
